

Immersion tank
for chemical paint stripping
processes

FASTRIP T5

FASTRIP T5 is our range of medium-sized paint stripping tanks with sturdy design and a capacity of 800 liters.

FASTRIP T5 meets the market's needs with its main characteristics:

- *The external hermetic tank also acts as a safety basin for liquids, insulated on all sides and with an interlocked cover.*
- *The electric heating unit is built-in. Ultrasound systems or mechanical agitators for the mixing of the chemical solution can be integrated to further improve performance.*
- *It works with a separate, self-supporting, plug-and-play electric panel, featuring a touch-screen panel and adjustable process parameters.*
- *It is made with AISI-304 materials to guarantee durability.*
- *Alit Technologies also offers extra options such as customizable workpiece baskets and a fume extraction system.*

Fastrip T5's chemical stripping process effectively removes paint from both ferrous metals and light alloys, without compromising their surfaces.

Easy to use thanks to its professional design. It can be lifted and moved safely by forklift.

With a FASTRIP T5 paint stripping tank, you will be able to recover your metal parts to be recoated in just a few hours.

ERGONOMIC

Professional design, with customizable workpiece baskets.

FLEXIBLE

Suitable to treat different types of metal products.

EASY TO USE

Plug-and-play, with adjustable cycle parameters. Easy cleaning.

EFFECTIVE

The combination of its mechanical action with Alit Technologies' chemicals ensures optimal stripping results.

SAFE

Electric circuit insulated from liquids. Safety devices in compliance with the strictest European standards.

STURDY

Made with AISI 304 steel.

ALIT
TECHNOLOGIES
PRODUCTS AND MACHINES FOR PAINT STRIPPING

TECHNICAL FEATURES

Tank material	AISI 304 steel
Tank capacity	800 liters
Power supply	400V - 50Hz
Heating power	from 8 kW
Tank internal dimensions	1300 x 650 x 650(h) mm

Check out our metalstrip brochure to discover Alit technologies' full range of paint stripping products.
